I have read, or have had explained to me, the information about influenza disease and the influenza vaccine. I have had a chance to ask questions which were answered to my satisfaction. I believe I understand the benefits and risks of influenza vaccination and request vaccination to be administered to my child or the above named for whom I am authorized to make this request.

I understand that under the Health Insurance Portability & Accountability Act of 1996 (HIPPA) I have certain right to privacy regarding my protected health information. The Notice of Privacy Practice has been made available to me, which explains these rights. Warren County Health Services Notice of Privacy Practice can be viewed online at: http://www.co.warren.ia.us/Health_Services/NOPP-HS.pdf . I authorize the release of medical or other information necessary to process billing claims. I authorize Payer to pay provider directly and agree to pay any co-pay, deductible, or amount not paid by insurance.

Screening Checklist for Contraindications to Inactivated Injectable Influenza Vaccination

For patients (both children and adults) to be vaccinated: The following questions will help us determine if there is any reason we should not give you or your child inactivated injectable influenza vaccination today. If you answer "yes" to any question, it does not necessarily mean you (or your child) should not be vaccinated. It just means additional questions must be asked. If a question is not clear, please ask your healthcare provider to explain it.

		Yes	No	Don't Know
1.	Is the person to be vaccinated sick today?	___	___	___
2.	Does the person to be vaccinated have an allergy to eggs or to a component of the vaccine?	___	___	___
3.	Has the person to be vaccinated ever had a serious reaction to influenza vaccine in the past?	___	___	___
4.	Has the person to be vaccinated ever had Guillain-Barre syndrome?	___	___	___

Did you bring your child's immunization record card with you? yes ■ no ■

It is important to have a personal record of your child's vaccinations. If you don't have a personal record, ask the child's healthcare provider to give you one with all your child's vaccinations on it. Keep this record in a safe place and bring it with you every time you seek medical care for your child. Your child will need this important document for the rest of his or her life to enter day care or school, for employment, or for international travel.
