## Student Meal Accounts & Policies

### District-Wide--

It is important that lunch account balances be maintained as a positive amount. Once an account reaches \$5.00 the family/student will be notified that the account is getting low. Negative balances of \$10 for an individual account or \$20 for a family account will result in an alternate but approved meal being served to the student until the account is brought to a positive balance.

### High School--

- Students at the Jr-Sr High School may select the foods for their plate. Students that receive free or reduced price meals MUST take a qualified meal to receive the meal at the free or reduced price. A qualified meal consists of:

#### BREAKFAST;

##### 3 of 4 offered food groups:

milk  
fruit/juice  
grain (2 grains may be taken if offered)  
protein

#### LUNCH:

##### 3 of 5 offered food groups:

milk  
fruit/juice  
grain  
vegetable  
protein

If students select only specific food items that do not meet qualified lunch status, the items will be charged to the student's account at regular price.

Lunchline employees are not to be aware of which students receive free or reduced price meals. Students who are unsure which foods to select should take the full standard meal each time in order to meet the qualified meal status.

- Students should deposit funds in their lunch account in the cafeteria between 7:50 a.m.-8:10 a.m.
- Students with positive account balances may charge extra servings, with parent approval. Students that are on free or reduced lunches will be charged full price for extra servings.
- Ala carte items must be paid with cash; charging of these items is not permitted.

## Tobacco-Free Environment

Tobacco use is prohibited by students, faculty (certified and non-certified) and visitors on school property, in school vehicles (school-owned, rented or leased) and at all school sponsored and non-school sponsored functions on or away from school property.

Student tobacco possession, use, distribution or sale of tobacco, including any smoking device, is strictly prohibited.

Tobacco advertising (signs/posters) is prohibited in school buildings, at school functions and in school publications.

This policy will be communicated as follows:

- This tobacco policy will be printed in student and employee handbooks and posted in appropriate student and employee work areas.
- Parents/guardians shall be sent notification in writing of this tobacco policy in an appropriate mailing at the beginning of the school year.
- Signs will be posted in a manner and location that adequately notifies all students, faculty, staff and visitors about the tobacco-free school policy.
- Notification of the school district tobacco-free policy will be announced at all school-sponsored events.

Persons violating this policy shall be asked to refrain from smoking or using smokeless tobacco products. Visitors failing to abide by this request shall be required to leave the school district premises immediately. School district personnel failing to abide by the request may be subject to disciplinary action.

It shall be the responsibility of school personnel to enforce this policy.

## Open Enrollment

Parents/guardians considering the use of the open enrollment option to enroll their child/ren in another public school district in the state of Iowa should be aware of the following dates:

March 1, 2010: last day for regular open enrollment requests for the 2010-11 school year.

## JR-SR HIGH SCHOOL

### Delane Galvin, Principal/Superintendent

**Softball/Baseball:** Congrats to our softball coaches and players, with a very exciting finish to our regional softball game our Varsity girls qualified to the state softball tournament. There was a community ice cream social and state tournament send off for the girls on July 19. The girls faced tough competition in Fort Dodge on Monday the 20th and lost 10-2 to Akron-Westfield. As of this writing, they play again Wednesday the 22nd. We're proud of these girls for their continued hard work and enthusiasm.

2. Baseball: Our boys won their first round district baseball game but were defeated in second round play. Congrats though to the boys for a good baseball season.

Congrats to Kayli Schurman, Kacee Arey, Kylie, Horton Austin Putz, Grant Seufferer, and Austin Allen for their all-conference appointments.

**Schedule Changes:** We have been working on finalizing schedules - please take a moment to look at your child's schedules using the Onlin Parent program and make sure everything is okay. Often times there are conflicts and students will have to make choices in regard to which class they would like because of a schedule conflict. I would like all students to enroll in 6 academic classes plus PE only having no more than one study hall daily. If you find glitches in your child's schedule, want to make changes, add or remove classes please email Mr. Tierney or myself with those changes. We still have a couple more positions to fill so not all teachers names have been changed. Those will be finalized when all staff is hired.

If you email me changes I will make the changes and then respond to your email letting you know.... but please include a phone number in case I have a question.

**Open House/Athletics Meeting:** Parents of students in grades 7-12 should plan to attend our Open House on

August 25 at 6:30. We will run through a shortened bell schedule to meet each teacher and become familiar with classroom expectations. At 7:45, all athletes and their parents should report to the gymnasium, where information and expectations on this year's season will be shared.

**Second Chance Reading:** After reviewing our standardized test scores for our secondary students we felt it imperative to take a strong look at improving our secondary reading program. In doing so we have had several teachers obtain training in a reading program entitled second chance reading. This program has been identified as one of the leading programs in the nation at helping students that are having difficulty in reading improve their reading skills. Annually we will be identifying students in both Junior High and High School that could benefit from Second Chance Reading and enrolling them in these classes for additional support. Students enrolled in second chance reading in high school will receive HS English credit for those courses.

**50th Anniversary:** If you did not already know, this year is the 50th anniversary since the consolidation of the Milo, Lacona and Liberty Center Schools into the Southeast Warren Community School District - yes that's right our district is 50 years old. The SE Warren Alumni Association has been planning several activities to celebrate our district anniversary, most of which will occur during our homecoming week.

**Grandparent program:** Calling all grandparents or anyone who would like to volunteer! Our 7-12th grade building is in constant need of volunteers to tutor/mentor students or if you just want to come in and help out in the building we would love to see grandparents

It has been a very full summer as far as baseball and softball are concerned. With the girls qualifying for state, the boys advancing into the second round of district play, and numerous games postponed, rescheduled, or rained out; many of us have been kept busy.

First of all, a wonderful congratulations to the girls and coaches for qualifying for the State Tournament in Fort Dodge. It was a lot of fun watching them grow through out the season and if you missed the Regional Finals with New London; Wow! What a finish!

Several of our girls were honored with All-Conference Awards. Kayli Schurman was a unanimous 1st Team, catcher; Kacee Arey was also a unanimous 1st Team, pitcher; and Kylie Horton was a unanimous 2nd Team, infielder. All three girls were also selected to the All-District team at their respective positions; Kayli-catcher; Kacee-pitcher; Kylie-2nd base.

The boys baseball team completed a successful season on the diamond when Grandview Park Baptist ended their tournament hopes. Three of the boys were selected to the All-Conference teams: Austin Putz was a 1st Team, infielder; Grant Seufferer was a 2nd team, catcher; and Austin Allen was a 2nd Team, pitcher. Both Austin Putz and Grant Seufferer were honored with 1st Team All-District Awards, 2nd base and catcher, respectively.

The annual Athletic Parent's Night meeting for all students and parents will be held on August 25, the night of Open House at the Jr/Sr High School. This is a mandatory meeting for all parents of student/athletes.

A reminder that the Southeast Warren Booster Club holds their monthly meetings on the second Wednesday of the month starting at 7:00 PM in Liberty Center.

Athletic Director's report submitted by Chuck Jones:

- The spring athletic season has arrived. The number of students participating in track or golf is very encouraging. There are over fifty boys and girls out for high school track plus around 15 out for golf. The JH track teams have over twenty members each.

- All of the spring varsity sports will be competing in ten meets or tournaments. Several of those meets are boy/girl ones. The junior high will be running at six meets this spring, this is one meet shorter than last year, due to Wayne having to do repairs on their track.

- Kayli Schurman has already broken her previous school record in the shot put, twice this season. The girls' track team is showing much improvement as the younger athletes adapt to high school competition. The boys' track team is having some great success with a good combination of individual performances and some solid relay teams. The 4 x 800 team is currently running some of the best times in Class 1A. Kayli Schurman was the gold medal winner in the shot put at the POI Conference Track Meet on May 5th. The boys had two POI Conference champion relay teams: 4 x 800 (Jake Larson, Garrett Brungardt, Travis Owens, Joe Ripperger), shuttle hurdle (Torey Mason, Grant Beck, Matt Baldwin, Skylar Thornton) also on May 5th. Both the boys & girls teams run their district meet at Mount Ayr on May 15th.

- The golf teams have been battling inclement weather much of the spring. Various individuals have been playing well. Austin and Logan Putz have been leading the boys while the girls have relied upon numerous individuals. The girls' district golf tournament will be on May 18th at Leon and the boys' tournament is on May 15th at Pleasantville.

Southeast Warren Community School District  
**Regular Board Meeting**  
June 8, 2009

The Southeast Warren Board of Education met in regular session June 8, 2009, in the media center of the Junior/Senior High School Building. Board President Paul Mead called the meeting to order at 5:30 p.m. The following board members were present: Larrie Williams, Jennifer Mihalovich and Marianne Lester. Ron Miller was absent. Superintendent/Secondary Principal Delane Galvin, Intermediate Principal Dan Dow, Primary Principal Charlotte Weaklend, Transportation Director Joel Mosher, and Board Secretary Julie Wilson were also in attendance, along with members from the community.

AGENDA: Motion by Larrie Williams, seconded by Marianne Lester to approve the agenda. Ayes: 4.

NEGOTIATIONS STRATEGY SESSION: The Board held a negotiations strategy session from 5:31 p.m. to 6:43 p.m.

THE BOARD SALUTES: Superintendent Galvin congratulated the track coaches and the following students for qualifying to the state track meet: Kayli Schurman (placed second in the shot put), Evan Schurman, Torey Mason, Travis Owens, Skylar Thornton, Jake Larson, Grant Beck, Matt Baldwin, Joe Ripperger, Garrett Brungardt, Austin Allen, Carl Davis (alternate), Seth Nutting (alternate), and Brad Byers (alternate).

**REPORTS:**

Transportation report submitted by Joel Mosher:  
We had 20 extra bus trips for the month. The second bus inspection was held on May 14th. We had three units taken out of service. All have been repaired and are being used. I have a few 30-day repairs that will be done over the summer. I also had time moving bleachers from Lacona to Milo. I spent part of 3 days mowing in Milo. The rest of the month was spent doing general repairs.

Primary Principal's report submitted by Charlotte Weaklend:

Our twenty-fifth annual Friendship Fair was one of the best ever, with an emphasis on the continent of Africa. We recognized our classroom volunteers at a reception in the media center immediately following the program. Cookies and iced tea were enjoyed by the parents and teachers - who were relieved of their supervisory duties while the remaining children enjoyed an indoor recess. The last day of school was bittersweet for our retiring teachers - Beryl Presley and Paula Schultz. We wish them the best as they

enter a new, more restful, phase of their lives. Tim Babcock, shared elementary counselor for the past five years, will also be missed. We wish him success and satisfaction in his continuing career at Whittier Elementary in Indianola.

We are in the process of sorting out teacher associate positions for the 09-10 school year. So far, we are anticipating cutting one full time one-on-one position and adding a full time and a 4/5 time position. The anticipated 4/5 time position is in the preschool, so it requires a CDA or early childhood endorsement through the AEA. We will be looking at seniority and education, as well as the needs of the individual students and the skills of the associates, when assigning positions. Our three associates who have been working hard obtaining their CDA certifications throughout the school year will complete their coursework this summer at DMACC. We are fortunate to have many well qualified and hardworking associates throughout the Primary building and the district. There are days when they have some of the hardest jobs in the district.

We have twenty-five reading students and twenty math students signed up for the elementary remedial summer classes to begin August 10th. Kathy Taggart will be teaching our daily classes in the Primary media center during that week to students completing first through third grades. Jennifer Miller will be teaching small groups of students completing fourth through sixth grades at the Intermediate Center. Bus transportation between the three towns will be provided, with pick ups at houses and intersections along the way, as needed.

In addition, Kathy Taggart has already begun providing one-on-one tutoring to special education students qualifying for extended year in their IEP's. The determination for this service is made according to individual students' demonstrated lack of retaining important academic skills over an extended period of non instruction.

Erin Jensen will begin providing summer band lessons in the primary building this week.

Our daycare is near capacity this summer, with many returning students and a few new ones. We are scheduling more adult supervisors this year, with little reliance on high school helpers. Several field trips have been planned – all within the daycare budget.

With the hiring of a full time second kindergarten teacher and the resignation of our elementary guidance counselor, we are exploring several different options in providing the most efficient

and effective help to our at risk students – both in reading skills and in the social-emotional realm.

The baseball / softball seasons are well underway. We are working hard to keep our school grounds looking the best they can, while the annual deep cleaning is taking place inside the building. Doris Gillespie, who is also cooking lunch for the daycare children, is taking on many of the preliminary general cleaning duties as much of custodian Howard Phippen's time is spent outdoors – mowing, trimming, trash pick up after games, and painting of the baseball bleachers.

Intermediate Principal's report submitted by Dan Dow:

The students have gone home for the summer but we still have education taking place. A couple of teachers are tutoring students and 4H is giving instruction during the week of June 1st. Summer school will begin On August 10th with the 3-6 grades students attending the Lacona building.

Mr. Dow will be attending Gifted and Talented Academy on June 11th and 12th in Johnston. During this time the TAG program will be updated and then put into the Comprehensive School Improvement Plan.

The Adequate Yearly Progress report has been filed and we are currently waiting our 72 hours for feedback from the Department of Education.

There is a lot of activity at the Lacona site presently. The drainage system around the north side of the building has been installed and the walls have been sealed. The addition to the concession stand is underway and moving quickly.

Bids are being accepted for the additional lighting, cement work on the east side of the building, and repairs to the bleachers. We are waiting on a return call about what it will take in order to make our bleachers meet requirements of the insurance company. Up to now all bids that have been received have exceeded budgeted amounts for each project.

General maintenance items for the Lacona site for the summer include: Repair lights inside and outside the building, repair pump for heating system, sound proof hallway, music room and cafeteria (if funding permits), shampoo carpets and wax floors, paint as necessary, wash windows, grade dirt around building and seed where needed, paint or apply steel siding to east side of building, fix safety concerns with exit light and flammable cabinet.

CONSENT AGENDA: The following items were on the consent agenda:

1. May 11, 2009 minutes

2. Financial reports
3. Second reading of Board Policies 1004.1R, "Fees for School Use" and 1004.2, "Regulations Concerning the Use of School Facilities"

5. Student schedules are being finalized.
6. Staff members are being trained in Second Chance Reading. 7th and 8th graders less than proficient in reading will be required to take reading classes in lieu of Language Arts class. 9th graders will also be required to take a reading class if they are less than proficient in reading.

## Lunch Account Balance:

It is important that lunch account balances be maintained as a positive amount. Once an account reaches \$5.00 the family/student will be notified that the account is getting low. Negative balances of \$10 for an individual account or \$20 for a family account will result in an alternate but approved meal being served to the student until the account balance is positive.

To access your lunch account and/or make deposits online, call the high school or email: [sue.ellingson@se-warren.k12.ia.us](mailto:sue.ellingson@se-warren.k12.ia.us). You may deposit any amount into your family/student account.
