Student Meal Accounts & Policies

District-Wide--

It is important that lunch account balances be maintained as a positive amount. Once an account reaches \$5.00 the family/student will be notified that the account is getting low. Negative balances of \$10 for an individual account or \$20 for a family account will result in an alternate but approved meal being served to the student until the account is brought to a positive balance.

High School--

- Students at the Jr-Sr High School may select the foods for their plate. Students that receive free or reduced price meals MUST take a qualified meal to receive the meal at the free or reduced price. A qualified meal consists of:

BREAKFAST;

3 of 4 offered food groups:

milk
fruit/juice
grain (2 grains may be taken
if offered)
protein

LUNCH:

3 of 5 offered food groups:

milk
fruit/juice
grain
vegetable
protein

If students select only specific food items that do not meet qualified lunch status, the items will be charged to the student's account at regular price.

Lunchline employees are not to be aware of which students receive free or reduced price meals. Students who are unsure which foods to select should take the full standard meal each time in order to meet the qualified meal status.

- Students should deposit funds in their lunch account in the cafeteria between 7:50 a.m.-8:10 a.m.
- Students with positive account balances may charge extra servings, with parent approval. Students that are on free or reduced lunches will be charged full price for extra servings.
- Ala carte items must be paid with cash; charging of these items is not permitted.

JR-SR HIGH SCHOOL

Delane Galvin, Principal/Superintendent

Softball/Baseball: Congratulations to our baseball coaches and players, who qualified for the State Tournament this year. They finished up their season at Principal Park in Des Moines with a valiant effort against Remsen-St. Marys.

We're proud of our players who received All-Conference athletic and/or academic recognition: Sydney Smith, Kylie Horton, Logan Putz, Seth Nutting, Samuel Nutting, Emmett Konrad, and Eddie Steil.

Softball: Our girls won their first round regional game but were defeated in second round play by state-bound Martensdale-St. Marys. Congrats though to the girls for a good season.

Softball Award: 2009 graduate Kacee Arey received the 100 Game Achievers Award July 22 at the Iowa High School Girls State Softball tournament. During her softball career at Southeast Warren Kacee achieved over 100 victories for the Warhawks. She is one of 313 girls in the entire state history of softball to achieve this mark which is a great accomplishment. Congratulations, Kacee!

Student Schedules: We are in the process of getting students' schedules ready. I would like all students to enroll in 6 academic classes plus PE only having no more than one study hall daily. Students who have not completed a schedule will need to meet with Mr. Tierney on Friday, August 6th, or on registration day.

Open House/Athletics Meeting: Parents of students in grades 7-12 should plan to attend our Open House on August 26 at 6:30. We will run through a shortened bell schedule to meet each teacher and become familiar with classroom expectations. At 7:45, all athletes and their parents should report to the

gymnasium, where information and expectations on this year's season will be shared.

Summer Projects: By the time school starts we will have completed several major projects in the district:

- Fire Alarm System replaced at the High School
- Preschool Playground at Primary
- Walk-in Freezer at Intermediate
- Bleachers dug in hillside at football field
- Tiling at Milo ballfields

New Projects: During the second half of the 2009-10 school year the board-appointed Long Range Planning Committee met regularly to discuss future plans for our school district. Infrastructure was one of the areas discussed, and the committee came up with an initial plan for addressing the structural needs of the district.

At its July meeting, the school board approved moving forward with the LRP committee's recommendation to build a metal/wood structured practice facility in Liberty Center. This building will include a practice gym, a weight room and wrestling room, replacing the old building on the east lot. It will be located on the north side of the high school.

We will also add an elementary-size gym to the Primary School. It will extend off the southwest corner of the building.

Also, we will be installing a new greenhouse for our Ag program. Funding for these projects will come from the district's one-cent sales tax dollars, which must be used for infrastructure projects.

I have been actively working with an architect and seeking bids on these projects. With the hopes of beginning construction this fall, we are moving forward as quickly, but as prudently as possible.

Congratulations to the high school boys' baseball team for their run into the Iowa State Baseball Tournament. The Warhawk baseball team finished the regular season with a record of 12-10 and on a 4 game winning streak. They won 6 out of their last 8 games with losses to state tournament bound teams I-35 and Martensdale-St. Marys. The team had wins over Melcher-Dallas, North Mahaska, Moravia, and Orient-Macksburg to reach the state tournament at Principal Park in Des Moines. The Warhawks' season came to an end with a first round, rain delayed, 7-5 loss to Remsen St. Mary's.

Congratulations, go out to Coach Bauer and the Warhawk softball team. The lady Warhawks finished with an 8-21 record. They are a relatively young team, which made great strides throughout the summer.

The Pride of Iowa All-Conference teams were selected in early July. Warhawks selected were:

Sydney Smith, 1st team -outfield
Kylie Horton, 2nd team-infield
Seth Nutting, 2nd team-infield
Grant Seufferer, 2nd team-utility

Academic: Logan Putz, Seth Nutting, Samuel Nutting, Emmett Konrad, Eddie Steil, Grant Seufferer.

No girl academics are available at this writing.

Many thanks to everyone who supported the baseball team at the state tournament. Some special recognition to:

Fareway- for providing free tickets to the parents for the quarterfinal game.

Pleasantville High School- for letting the team practice on their field due to wetness on ours.

Athletic Boosters- for providing lodging and drinks at state.

Girls' softball team- for decorating the team bus.

Dance team- for the signs leading the team out of town.

Southeast Warren Community School District
Regular Board Meeting
 May 10, 2010

The Southeast Warren Board of Education met in regular session May 10, 2010 in the media center of the Junior/Senior High School Building. Board President Paul Mead called the meeting to order at 5:30 p.m. The following board members were present: Jennifer Mihalovich, Marianne Lester, Ron Miller, and Larrie Williams. Superintendent/Secondary Principal Delane Galvin, Primary Principal Charlotte Weaklend, Intermediate Principal Dan Dow, Transportation Director Joel Mosher, and Board Secretary Julie Wilson were also in attendance, along with members from the community.

AGENDA: Motion by Jennifer Mihalovich, seconded by Marianne Lester to approve the agenda. Ayes: 5.

BOARD SALUTES: Charlotte Weaklend and Dan Dow recognized the Partners in Education organization. The group does a lot of behind the scenes work that is truly appreciated.

Dan Dow recognized Charlie Carruthers and the City of Lacona for all of the extra things they have done for the Intermediate building this year.

REPORTS:

Transportation report submitted by Joel Mosher:
 We had 33 extra bus trips for the month. I had time assisting Dennis on getting the high school track cleaned up and ready for use. I serviced the lawn mower in Milo and made ready to mow grass. I picked up the gator at Barker Implement and started installing the brackets for the drag. The rest of the month was spent doing general repairs. Bus inspections will be held on May 27th.

Primary Principal's report submitted by Charlotte Weaklend:

1. We are appreciative of PIE's support of our annual field trips through the funds collected during the Small Town Country Christmas themed basket raffle. The following field trips were or soon will be experienced by our Primary children as a result of that one fundraiser:

May 7th – 3rd grade to Warren Co. Historical Museum & the Annett Nature Center

May 11th – 2nd grade to Iowa Historical Building and the Science Center of Iowa

May 14th – kindergarten to the Blank Park Zoo and the Animal Rescue League

May 17th – 4-year-old preschool class to Aquabi State Park & Annett Nature Ctr.

May 21st – 1st grade to the Pella area and Cordova Park.

2. On Thursday, April 29th, the Community State Bank sent representatives to our school to present a Savings lesson to our first and third graders. It was a good reinforcement of general money counting and simple financial management that are touched upon at those grade levels.

3. Because of the inclement weather experienced during the first weekend of the drug free schools discounted Adventure land ticket offer, the expiration of those tickets was extended to include any weekend until June 30th.

4. A homemade kite-flying event was held in conjunction with our Japan Friendship Fair at the end of Field Day last Wednesday. A total of nine stations were visited by each classroom on Field Day – jump rope, parachute, softball throw, kickball, football toss, base races, relay races, obstacle course, and dodgeball. (The water balloon toss was deleted from the planned activities because of the predicted cooler temperatures on May 5th, our field day.)

5. The kindergarten round-up day on April 30th was a huge success, with 35 four-year-olds experiencing their first full day of school as a kindergarten.

6. All Primary volunteers will be honored at a Volunteer Tea in the media center following the Friendship Fair on May 29th. PIE will be recognizing with a special gift those special volunteers who attended that organization's meetings on a regular basis and who worked faithfully at their several activities, as well as those who worked with the students in one of our classrooms on a regular basis this year.

7. If all bids come in as assumed, the playground project for this summer will include new early childhood equipment chosen by our early childhood staff, added woodchips, and an improved chain link fence to separate the playground from the parking area behind the bus garage. It is hoped that the preschool grant funds will cover all three items.

8. It is also our intention to expand our present computer lab that has sixteen computers at the Primary to accommodate classes of 23-24 students. We are exploring the possibility of reconfiguring the media center to accommodate the extra computers needed to make our lab more conducive to whole class sessions, with an eye to future growth in our student population. With a computer for each child, the computer lab could be used next year as a fifth special, serving each child once every four days or by individual teachers on a sign up basis. Keyboarding and supervised research for the older students, as well as games to reinforce reading and math skills for all of the grades could be incorporated into that special's curriculum.

9. The daycare's enrollment continues to grow. The several issues brought to light during the December Department of Education CACFP visit have been dealt with, claims for CACFP funding and Child Care Assistance checks from the Department of Human Services are being made on a timely basis, and our daycare financial status is on the upturn. Several days in June will be spent by me getting the records in order for future inspections. We are currently taking applications for summer daycare.

10. We are considering the possibility of expanding our 3-year-old program by changing our 2-hour session to a 2 ½ hour session and adding a second session of 2 ½ hours to each week next year. We are looking at the availability of personnel and a suitable on campus site of a location for the second session, as that class will have to be held at a time when the 4-year-olds are in session. This would put us more in line with 3-year-old programs in other communities.

Intermediate Principal's report submitted by Dan Dow:

The 4-6th grade classes are planning their field trips. The 4th grade will travel to Living History Farms in Des Moines. The 5th grade will go to the Children's Water Festival held on the DMACC campus and the 6th grade will visit Principal Park to take in an Iowa Cubs game. These trips are made possible through the PIE committee and we are very appreciative.

MAP testing has been completed as our alternate assessment as required by the state and the DIBELS testing has also been completed. The DIBELS test supplies us with reading achievement information that helps us determine the needs of each student. The compilation of scores and measurement of progress is currently underway.

Mr. Oliver and Mr. Anderson have once again organized the flipping, pitching, and casting contest. This year's winners were 1st place Dalton Thompson (who received a new rod and reel), 2nd place Trinity Cox, and 3rd place Tanner Allen. We had 18 students who qualified for the Summer Games to be held this July in Ames.

The 6th grade students traveled to Liberty Center on Tuesday May 4th for the Mad About Money program presented by the Iowa Insurance Division. The general feedback is that it was well received and educational.

The book fair has been back and ran from Monday May 3rd - Saturday May 8th.

Athletic Director's report submitted by Chuck Jones:

We are wrapping up the spring athletic seasons.

continued, page 6

Board Minutes, cont'd

Boys & girls track run in the district co-ed meet on May 14th at Martensdale-St. Mary's. The Co-Ed State Track Meet is scheduled for May 20th-22nd at Drake Stadium in Des Moines. The boys & girls golf teams compete in district golf meets at Mount Ayr on May 14th & May 17th respectively.

High school baseball practice began on May 3rd with 18 boys starting out the season. The high school softball team opens practice on May 10th with about 20 girls expected to participate this summer. Both teams host tournaments on May 29th.

Athletic Booster Club

April 14th, meeting at Liberty Center, 7:00 PM.

As the spring sports get into competition, the Athletic Booster Club has turned its focus towards baseball and softball. Many projects are in the works for the spring & summer:

- batting cage paving
- tiling of both fields
- repairing of dug outs
- concession stand clean up & set up

The boosters, as usual, have been very supportive of Southeast Warren Athletics. They have purchased numerous items for baseball & softball this spring. Items being funded are batting cage, bats, hitting tees, field nets, and pitching machine balls. The boosters rent a gator for field maintenance and share the cost of spraying all athletic fields with the school.

I wanted to bring all the things that they do to the community's attention because they are a hard working group of individuals who deserve our appreciation and thanks. Without them our kids would not have the facilities and equipment to compete at a high level. They are always in need of others to help in anyway possible.

CONSENT AGENDA: The following items were on the consent agenda:

1. April 12, 2010 minutes
2. Financial reports
3. Second reading of Board Policy 203.8, "Conflict of Interest"
4. Second reading of Board Policy 400.1, "Employee Conflict of Interest"
5. Second reading of Board Policies 404.2E1, 404.2E2, 404.2E3, 404.2R1, and 404.2R2, "Family and Medical Leave"

Motion by Ron Miller, seconded by Larrie Williams to approve the items on the consent agenda. Ayes: 5.

SUPERINTENDENT'S REPORT: Superintendent Galvin reported on the following items:

1. The week of May 9th is School Board Recognition Week. Certificates were given to each board member.
2. The spring play was held last weekend. Mrs. Krug and the cast put on an outstanding show.
3. Seniors will return from the senior trip on Thursday. Graduation practice will be held Friday morning and the graduation ceremony will be held Saturday evening.
4. The Athletic Boosters have asked for assistance from the district to help pay for tiling the baseball and softball fields. The \$12,000 that had been reserved to remodel the football concession stand will be earmarked to help cover the cost of the tiling since the Boosters paid for the remodel of the concession stand.
5. Next week the 6th grade students will be attending classes with the 7th grade students to help them transition into the building.
6. Scheduling nights are being held for next year's 9-12th grade students.
7. District track and sectional golf will both scheduled for this week.
8. The first opening games for summer sports will be May 24 and 25th.

AGENDA: Motion by Marianne Lester, seconded by Larrie Williams to approve the agenda. Ayes: 5.

COMMENTS FROM THE AUDIENCE: Jim Funk addressed the Board to express the concern that the bus drivers have over the negotiated salary agreement with AFSCME. Jim related to the Board that the bus drivers feel it is unfair that the majority of the settlement with AFSCME went towards insurance benefits, which the bus drivers do not have. The Board acknowledged the bus drivers' concerns, however, the bus drivers must go through AFSCME to negotiate their salary.

REPORTS:Transportation report submitted by Joel Mosher:

We had 33 extra bus trips for the month. Most of the month was spent making required repairs from the inspection that was held on May 27th. We had one van out of service and a few 30-day repairs that will be repaired over the summer. The rest of the month was spent doing general repairs.

Primary Principal's report submitted by Charlotte Weakland:

A drawing of the proposed remodel of the Primary media center was given to board members for review. A wall will be built down the center of the media center. One half of the room will be used for the media center and the other half of the room will be used for a computer lab. The computer lab will hold 22 to 23 computers; currently the largest class next year is 18. The remodel of the media center will also help with scheduling specials next year.

Intermediate Principal's report submitted by Dan Dow:

The 6th grade Talented and Gifted students went on their trip to the Mississippi River Museum and the Effigy Mounds National Park.

We are still looking for a half time custodian and a classroom associate.

CONSENT AGENDA: The following items were on the consent agenda:

1. May 10, 2010 minutes
2. Financial reports

Motion by Ron Miller, seconded by Jennifer Mihalovich to approve the items on the consent agenda. Ayes: 5.

The consensus of the Board was to pay out the balance due to Carl Reno, if he was agreeable, for prior consulting work performed.

SUPERINTENDENT'S REPORT: Superintendent Galvin reported on the following items:

1. The Relay For Life team won a trophy last Friday during the Relay For Life Walk. Congratulations to all who participated and were there.
2. The graduation ceremony went fairly well. Superintendent Galvin didn't hear any concerns about the new 6:00 start time.
3. The sixth graders visited the Junior/Senior High building at the end of May.
4. Julie Melcher, from the Department of Education, met with Superintendent Galvin and Dan Dow to review progress on the corrective action plan to remedy deficiencies found during the site visit. No major issues were detected. The next follow-up visit by the DE will be May 2011.
5. Nodaway Valley has not officially notified the Pride of Iowa Conference of their intentions to leave the conference, so it is assumed they will probably still be in the conference next year.

PLAYGROUND EQUIPMENT: Charlotte Weakland presented three bids to the Board for the purchase of preschool playground equipment. Charlotte recommended accepting the low bid from Boland Recreation in the amount of \$12,442 and seeking volunteers to help install the equipment. Motion by Larrie Williams, seconded by Marianne Lester to approve the bid from Boland Recreation in the amount of \$12,442 and to seek volunteers to help install the equipment. Ayes: 5.

2011 LEGISLATIVE ACTION PRIORITIES: After Board discussion and input, Superintendent Galvin recommended approving the following Legislative Action Priorities:

1. Opposes unfunded mandates. (30)
2. Supports full funding of public schools before supporting non-public schools. (14)
3. In the spirit of equitable spending for the benefit of all of Iowa's children, the portion of Iowa's casino revenues rewarded to school districts should be distributed equitably among all districts, similar to the statewide penny. To do otherwise is making a statement to the students

continued, page 8

Board Minutes, cont'd

of the districts not currently benefiting that they are not as important as the students in the districts with casinos. (10)

4. Supports preserving the integrity of the state-wide penny sales tax for school infrastructure, including the tax equity provisions of buying down the highest additional levy rates to the state average. (1)

5. Supports expansion of the allowable use of physical plant and equipment levy (PEL) funds while maintaining the purposes of infrastructure, transportation, technology and equipment funding. (20)

LONG RANGE PLANNING COMMITTEE RECOMMENDATIONS: The recommendations from the Long Range Planning Committee for curriculum, grade level and staffing structure, and infrastructure were included in the Board packets. The top priority of the Long Range Planning Committee for infrastructure is to complete Tier 1 (build a metal wood structured practice facility in Liberty Center, build a greenhouse for the Ag program, and build a gymnasium at the Milo Primary Center) as soon as feasibly possible using one-cent sales tax dollars. Superintendent Galvin recommended approving the Long Range Planning Committee recommendations and directing Superintendent Galvin and Julie Wilson to bring recommendations back to the Board on how to finance Tier 1 of the infrastructure plan.
