Parent Teacher Conferences

October 31st and November 2nd

4:00 to 8:00 p.m.

Parents of Jr-Sr High students should call Janie Weeks at 641-466-333, ext. 221 to schedule a time to meet with their child's teachers. Parents of students in grades PK-6 will receive a scheduled time that can be changed if needed - contact your child's school.

Children First Forum

Our first meeting of this year's Children First Forum is scheduled for **October 24th at the High School**. The district would like to invite parents, students, teachers, local business, industry and labor representatives to serve on this committee, which meets three times per school year. The meeting is also open to the public.

The CFF is our designated school improvement advisory council, which is required of all Iowa public schools districts. Its purpose is to review various educational data and district needs and by the third meeting, make recommendations to our school board. We look at student test score data, annual goals, district data reported to the state, and current district projects.

If you'd like to be more in touch with the inner workings of the Southeast Warren School District and have the opportunity to provide input, please come to our meeting on October 24th at 6:00 p.m.

Hurricane Harvey Donation

Our 3rd grade class recently headed up a coin drive campaign for Texas hurricane victims. Hurricane Harvey has affected many people, and the students wanted to help those in need. We feel that it is important that students learn to be good community members and help others. A total of \$926 was raised.

All Southeast Warren students (PK-12) collected cash donations, which were sent to The Hurricane Harvey Relief Fund of Houston's mayor, Sylvester Turner, administered by the Greater Houston Community Foundation. A special thanks to the Intermediate and High School Student Council members for all their efforts in contributing to this fundraiser.

Children First Forum

I would like to extend an open invitation to our parents and community members to attend our first CFF meeting, 6:00 p.m., October 24th at the high school. To follow up with the information on page 1, here are examples of the subjects this committee may address:

Help Wanted

We are still short-handed and in need of subs for teaching or associate. Please contact any school building for an application if interested.

Internet and Education

In November our district will be featured in an upcoming article for Successful Farming magazine on the future of rural education. The article, written by our own Lisa Prater, will focus on the importance of high-speed internet in rural schools and at home.

Southeast Warren students have many options for online learning. Through the online program Odysseyware, high school students can take any of 75 electives that aren't otherwise taught at the school. Those who qualify can also sign up for online DMACC classes, obtaining college credits at no cost to them. Three-fourths of last year's graduates took at least one college level course either online or on site at DMACC.

And of course, our regular 7-12 instruction involves students using their chromebooks for daily work, research, and teacher communication. Student chromebook use at SE Warren starts in 2nd grade.

Since many students lack high-speed internet at home, they are allowed to come to school early or stay late to work on homework. Some even use the wi-fi from the parking lot on weekends.

Character Spotlight

Miss Sealock's 9th grade character education class has put together a bulletin board outside of her room to spotlight students and staff with great character. Towards the end of each month, a link will be sent out for students, staff, and the community to vote for someone they have seen the past month show amazing character and leadership. The link will be added in to the daily announcements.

We will spotlight two to three people each month from various grades. Showing various amounts of good character traits - such as respect, positive attitude, integrity, responsibility, kindness, etc will be the basis for voting.

To begin the year, the class chose Mr. Rowlands as someone showing great character and leadership. A few students wrote the following: "Mr. Rowlands is considerate of others." "He always asks how people are doing when he sees them in the hall." "What a wonderful teacher and coach!" Please see the bulletin board outside Miss Sealock's room to post your positive thoughts about Mr. Rowlands.

There is a new twitter account to promote character, leadership, and pride at Southeast Warren. Follow @SEWCLP to see and/or share great character, leadership, and pride in our schools and district! You can tag the username or direct message the account if you do not want to tweet something out yourself. This is a great way to promote how awesome our district can be. Positive tweets only!

Flu Shot Clinic

Mrs. Chambers along with Warren County Public Health has organized a flu shot clinic for students and community members again this year, however the mist is not available. The clinic will be held on Thursday, October 19th and will start in the Milo building at 7:30 am, then proceed to the Lacona building and will wrap up in Liberty Center.

They can now bill all insurance companies. Consent forms are available at any of the buildings, attached to announcements and newsletters and on the school website.

Dental Checkups by Nov. 17

Since the 2008-2009 school year, Iowa law requires that any child **entering kindergarten or ninth grade** must provide the school with proof of a dental check-up. Improving the oral health of Iowa's children is the purpose of this law.

The Certificate of Dental Screening form is the approved form, which local dentist offices should have or you can obtain a copy here at the school. The form is due back by Friday, November 17, 2017. A screening for 9th grade is valid one year prior to enrollment in 9th grade to 4 months after enrolling in 9th grade.

Have the dentist just complete the form and return it to school with your child or your dentist may fax it to the high school at 641-466-3525. The state will audit my records before winter break to check compliance with the law. If you need help getting a dental check-up for your child, a copy of the new form, or have questions please contact me at school.

- Thanks to custodians and all summer help for their hard work getting the buildings ready for the upcoming school year.

- Thanks to all the students and staff who participated in this year's Summer School.

Athletic Director's Report submitted by Blake Cruikshank:

Football

We currently have 31 boys that attended the 1st practice of the season. We have a full schedule for varsity and JV.

Volleyball

We currently have 15 girls that have been at the 1st 2 days of practice but that number might go up by one or 2. We currently have a full game schedule for varsity with about 7 playing dates for JV

Cross Country

We have 11 boys and girls out for cross country this year. We have a full schedule for cross country.

We are trying to make sure that everyone has a current physical and has turned in all paperwork by the end of the 1st week of practice.

JH Sports will begin practice on the 1st day of school. I would imagine that we will not have any after school practices for JH Sports since the last block of the day allows for roughly an hour of practice daily.

We have full schedules for football, volleyball and cross country.

Athletic Boosters: Anna Rowe related that five new members attended the last Athletic Boosters' meeting. The Boosters are trying to get elementary parents involved before they get to high school in an effort to increase involvement.

Anna asked for consideration of giving the officers of the Athletic Boosters activity passes during the time they are serving. This will be added to the September board meeting agenda for consideration.

CONSENT AGENDA: The following items were on the consent agenda:

1. July 20, 2017 minutes

Motion by Larrie Williams, seconded by Dave Youmans to approve an interfund transfer from the Nutrition Fund to the General Fund in the amount of \$6,220.09. Ayes: 5.
